

Bee Campus USA

Benefits

Bee Campus USA provides campuses with a focal point for their efforts to conserve pollinators. Whether these are activities your campus is already engaged in or a new direction, becoming an affiliate of Bee Campus USA is a great way to join a national network of colleges and universities committed to creating positive change.

Bee Campus USA Benefits

Ensure survival of vital animal species

Help to ensure the survival of vital animal species crucial to our planet's functioning ecosystems.

Build community locally and nationally

Bring your community together around a positive, shared cause and connect with communities across the country that have made the same commitment.

Improve local food production

Raise community awareness of how our food grows and improve local food production through expanded pollination.

Support small businesses

Support the growth of local businesses including native plant nurseries and pollinator friendly landscaping.

Address pest problems with fewer pesticides

Raise community awareness of the least toxic ways to tackle home and garden pest problems. Mobilize your community to remove non-native invasive plants to make way for locally native plants.

Heighten awareness of biological diversity

Raise community awareness of the local environment's diversity of plant and pollinator species.
