

Bee City USA - Medford

Report on 2020

Pollinator Habitat Creation & Enhancement

Education & Outreach

Bee City USA Medford conducted pollinator garden maintenance and demonstration events at the Santo Community Center and the U.S. Cellular Community Park Nature Center. These demonstration gardens were weeded and improved, and the group is planning installation of additional gardens in Medford city parks.

Committee member Amrita Cottrell improving the pollinator demonstration garden at the Santo Community Center in Medford.

Policies & Practices

City of Medford analyzed its chemical applications, and the park system is 99 percent chemical-free.
