

# Bee Campus USA - Tarrant County College Southeast

Report on 2020

---

## Pollinator Habitat Creation & Enhancement

We continue to maintain several pollinator gardens throughout our campus, we also have two gardens on campus, one being an herb garden, the other a vegetable garden. We continue to plant native milkweed. Pollinator friendly lawn with dandelion and flowering clover.

---

## Education & Outreach

Due to COVID 19, and crowd restrictions, we were unable to host any events.

---

## Courses & Continuing Education

---

## Service-Learning

Due to COVID 19, there were no service-learning projects.

---

## Educational Signage

We have a Bee Campus flag that we display and we will be adding more signs around our campus.

---
